

Tax Return Extension

Tax Return Extension

Please complete the following form to provide authorization for us to extend your tax returns. The first section is for extending your individual tax return, and there is a second section to extend your business tax returns as well (partnership and corporations).

Be aware! An extension is an extension to file not to pay. Therefore, if you have a tax liability, it is still due on April 17 2018 for individuals, and March 15 2018 for partnerships and corporations. We can assist with estimated tax payments if necessary.
