

Payroll Portal

Payroll Services

Posted September 15, 2018

Welcome to the Watson CPA Group Payroll Portal! We have created this payroll service portal in an attempt to keep everything you need in one spot. Payroll is a pain in the butt... we try to make it less painful.

All submissions are uploaded to your Client Portal within 24 hours for historical safekeeping. The Watson CPA Group takes the security and safety of your personal information very seriously. All information is SSL encrypted through [GeoTrust](#).

Pay People

Each button below allows you to submit payroll information. You may submit forms more than once, for example one for each employee. If you send the same form twice, we will take the latest submission as your final answer.

Payroll Checklists

These buttons link to various checklists for your payroll setup or transfer. All new payroll setups (either new or transfer) require the items listed in the Corporate Governance checklist as well. Please print and review, and contact us with any questions.
